

# Apps

# Edit

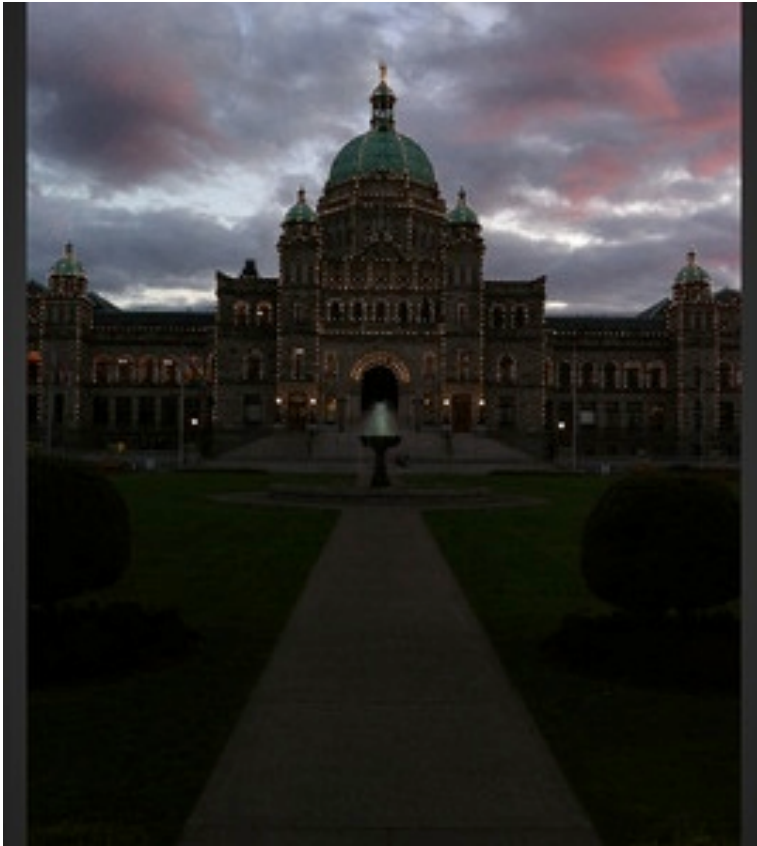

# Thoughts on Flash

- Only use when absolutely necessary
- Lens flare, light leaks
- Red Eye
- No help for distant objects

# Brighten an image without Flash

# Crop

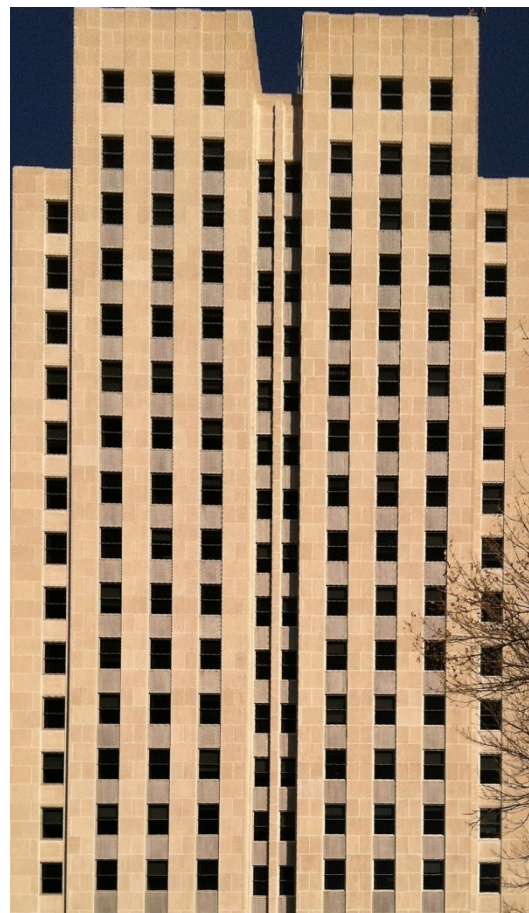

# Square

# Correct Perspective

# Retouch

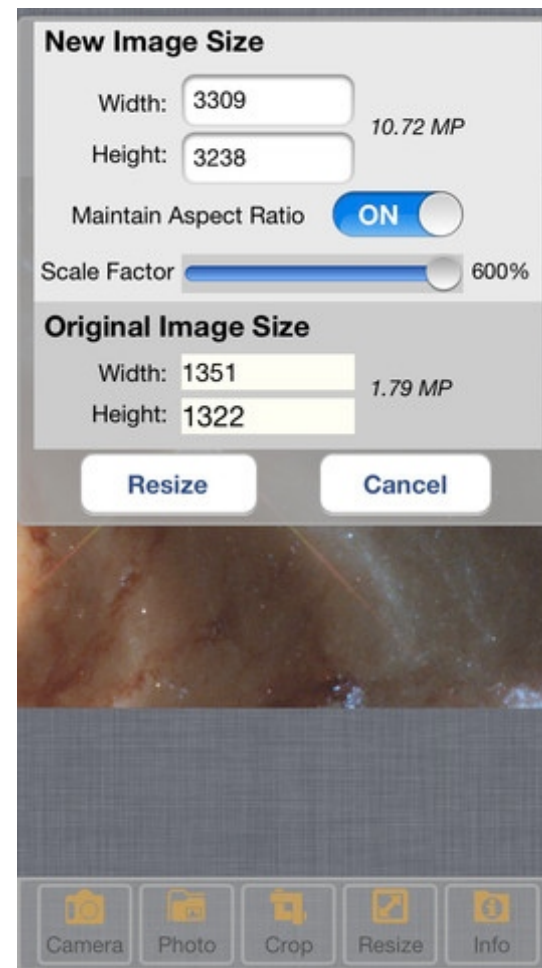

# Cloning Tool

# Resize

# Combine

Edit border size & color, add texture,  
control inner & outer corners, adjust curvature.

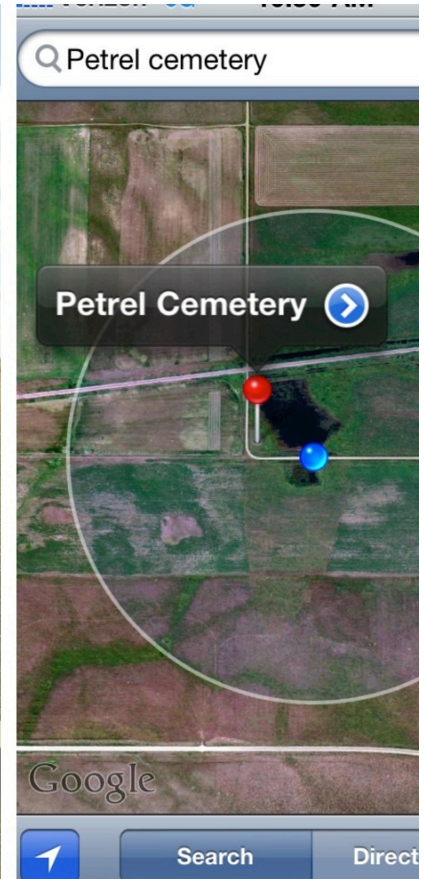

Complete control of every frame for  
totally custom, unique layouts.
